ELABORATE WELCOME HOME WEEK PROGRAM

Beginning Sunday Night There Will Be Festivities Each Evening During the Week.

CARNIVAL ONE OF FEATURES

Dances, Song Fests and Receptions Planned In Honor of War Heroes—City in Dress Parade For The Occassion—King Street to Be Great White Way—All Who Served Uncle Sam in Army, Navy or Marines Asked to Participate in Celebration—No Invitations Issued.

The program for the Welcome Home Week has been completed. There will be something doing every night. All men who served Uncle Sam during the progress of the war in any capacity regardless of whether or not they are wearing the uniform at the present time or not are cordially invited to take part in the festivities planned for each evening.

The committee in charge expresses the hope that every man who served during the war living in Alexandria will participate as no invitations are to be issued by the committee.

The program will open next Sunday night and end next Saturday night. Alexandria is going to celebrate in good old style each night in honor of the returned heroes as well as those who were unable to cross but served in some capacity in this country.

King street, as already stated, has taken on a holiday appearance in its festive garb and by the close of the week that thoroughfare will be illuminated with festoons of lights from end to end. No pains have been spared by the committee in charge of the decorations to make the affair a success.

In addition every citizen is urged to decorate to show their appreciation of the boys who served overseas.

The opening services of the celebration will take place at 8:30 o'clock Sunday night in Christ Church yard. This will be in the nature of a Thanksgiving service, Space will be reserved for soldiers and members of the family wearing white ribbons.

Monday night will be known as Alexandria Light Infantry night and the program for that night includes a dance at 8:30 o'clock at the War Camp Community Service Club.

Tuesday night there will be formation at 6 o'clock. Buffet luncheon will be served the soldiers in line at the Westminster Building. This will be folowed by a block dance at 9 o'clock on Washington between King and Prince streets, which will be featured by the 63th Infantry and Gen. Pershing's Band.

Red Cross night will be observed Wednesday night with a reception which will be held at 9 o'clock at the War Camp Community Serivce Hall.

The program for Thursday night includes a community sing at 7 o'clock at Christ Church yard. Space will be reserved for soldiers and members of families wearing white ribbons.

Plans for Friday night will include what will be known as Knights of Columbus night This will take the form of a reception at the Lyceum Hall on Duke street between Royal and Fairfax streets which will begin at 8:30 o'clock.

The last night of the program Saturday will be Masonic night and will be staged in the Opera House

All soldiers will be welcome whether or not they are Masons.

The committee in charge of the Welcome Home or Jubilee Week has worked hard for its success and there is every reason to believe that the affair will be one of the most memorable ever before held in the city.

The occasion will be greatly enlivened by a big street carnival which will be in progress here all during the week.

The promoters of the carnival will have their concessions at the various street corners on King from Fairfax to Henry streets.

Will the mothers, Fathers, and wives who have not received their white ribbon badges for "Home Coming Week" call at 700 Duke street and get them.

ALLEGED BOOTLEGGER

Man Having a Quart of Liquor in His Possession Admitted Selling the Same

Toward the close of yesterday a white man who had been drinking, told the police he had been robbed of thirty-odd dollars in a rooming house on the northeast corner of Gibbon and Washington streets. The officers were satisfied that a man domiciaing in the house sold the liquor which was having its effect upon the complainant, and Chief Goods and Officers Kerns and Snellings, after having obtained a "John Doe" warrant, proceeded to the place for the purpose of making an investigation. They found Matthews Schrrola, who was suspected of robbing the complainant, and while no evidence apart from that of the latter could be obtained, enough was secured to show that Schrrola was engaged in selling liquor. It was alleged that he made a trip to Baltimore yesterday morning

Schrrola was carried to the station house in the patrol wagon and an investigation of the case followed He acknowledged taking money for the whisky he dspensed The accused was held for the acton of the grand jury.

DUEL WITH KNIVES

Two Colored Women, Fired by Jealousy, Seriously Injure Each Other

Elizabeth Fleming, colored, was arrested last night on the charge of cutting Julia Williams, also colored. The latter was carried to the Alexandria Hospital. When the case was called in the Police Court at nine o'clock this morning the Williams woman was not present, and the case was continued to await the result of her injuries.

Shortly before twelve o'clock the woman left the hospital and later appeared at the station house, where she was called upon to face her antagonist.

The evidence showed that it was a case of six of one and half a dozen of the other. Both had been armed with knives, and they used them upon each other with unsparing hands. Neither, inflicting mortal wounds. They were fined 50 each, and in default of payment will spend the next ninety days in jail.

Jealousy is believed to have brought on the trouble.

NIGHT WATCHMAN KILLED

Body Found With Hands Wired Behind Him in Keyser, W. Va.

Keyser, W. Va., June 5.—The body of Vitto Bassano, aged 40, was discovered yesterday morning at the crusher of the Standard Lime and Stone Company, where he was night watchman. The murderers had wired the man's hands behind him, and had twisted tightly about his neck a blue bandana hankerchief. His head showed that he had been struck four times with some blunt instrument. The authorities were unable to determine whether death was the result of a fractured skull or strangulation.

HAS NINETY-FOUR ACTIVE MEMBERS

Old Dominion Boat Club to Hold Smoker June Twentieth

EQUIPMENT ADDED

Swimming Beach Staked Off On Maryland Side of River—Saturday Night Dances to be Resumed.

The monthly meeting of the Old Dominion Boat Club was held last night, C. E. Carver, President presiding and was one of the best protended meetings ever held by that Club. The following members were admitted to membership:

C. W. Summers, H. S. Murphy, P. F. Gorman, jr., Vernon N. Warfield, Walter R. Byford, Marshall Shuman, Robert Steele, Adrian Katz.

This makes a total active membership of ninety-four members.

A number of racing boats have been received to replace a portion of the equipment lost in the fire of last autumn and 3 single work boats and 3 batteaux are expected to arrive within the next week. A racing canoe, swift but cranky, isc affording much sport and amusement and demonstrating the uncertainty of affairs even when one goes on his knees.

Appropriations were made to purchase a wrestling mat and a supply of boxing gloves, and it was decided to hold a Smoker on the night of June 20th. This Smoker will probably be preceded by a short business session to admit new members. Several applications having been received too late to be acted on at this meeting. This Smoker will celebrate the return of a number of our boys from the Army and Navy, and also the attaining, by the Club of an active membership of one hundred probably for the first time in the history of the Club, which was organized about 1870.

The racing crews, under the efficient handling of Coach Mueller, are getting into good shape and will be able to give a good account of themselves in any event in which they may be entered this season.

The Boat Club, in general, under the fostering care of Captain J. Sid Douglas, is getting in fine shape, and will soon, in point of equipment, conveniences, etc., be the equal of any Boat Club in the State. The efforts of Captain Douglas have been ably seconded and assisted by Chief Mills and a number of other devoted members, who have worked hard and faithfully to get the Club in shape for the present season. A telephone has been installed, porch swings have been put up, and the Ladies Auxiliary of the Club numbering seventy-five, are making efforts to beautify the rooms and it has been decided that Ladies Day will be inaugurated on the week beginning June 15th, in other words, each Thursday from twelve to six P. M., the locker rooms, shower baths, etc., are turned over to the ladies.

Members of the Club can use only the front room, balcony and boat room on those afternoons. On the Thursday afternoons the house will be under the exclusive command of the chaperons appointed by the Ladies Auxiliary.

A splendid swimming beach has been located and is being staked off on the Maryland side of the River, and on the Thursday afternoons the ladies desiring to use the swimming beach will be taken there in bateaux and canoes, and instructions in swimming will be given. J. T. Preston, Sr., a member of the Board of Governors will have charge of this as in former years.

The Saturday night dances of the Old Dominion Boat Club will begin within the next week or two, and there is also dancing at the Club on every Tuesday night.

From the present prospect the Club will enjoy a most delightful and prosperous season.

THE BELVOIR
Management G. B. Ashby, formerly of Raleigh Hotel Washington, D. C.
SUPPER DANCES
Every evening 9 to 12 p. m., tables reserved. Phone 169.

GIVE OPINION ON COUNCIL MANAGER

Delegates to Labor Conventon Express Views on Subject

GEN. COXEY IS QUOTED

Delegates From Portsmouth, Clifton Forge and Fredericksburg Discuss Plan and Say it Works Satisfactory

The Citizens' Committee learning that there were a number of gentlemen attending the Virginia Federation of Labor from all over the country, and that there were a number here from cities under the Council-Manager Form of Government, the Committee requested statements from these gentlemen in regard to this form of government some of which are published below and others will be published later.

William Kellum, Portsmouth, Va.

"Portsmouth has been under plan for two years, Think success of plan depends upon the Council and the Manager selected. The Manager must be honest with his whole heart in the work. A cheap man is the worst thing in the world to fill a place of this kind. The plan has not worked so well in Portsmouth because the voters were indifferent and selected the wrong Council and they selected the wrong kind of a Manager. The plan is the best kind of government if you have the right kind of a Council to start with. A man that has been mixed up in politics has no right to be in the Council or to become the City Manager. The man should be chosen according to their capability and not because of political pull."

J. B. Duncan, Portsmouth, Va.

"This is the best form of government that you can possibly have provided that the referendum and recal are included. Everything depends on getting the proper men in the Council. Great benefits have been derived in Portsmouth from the plan but the weak point in Portsmouth is that the wrong men have bee nselected for the Council. It all depends primarily on the interest of the voters."

Thomas Noland, Portsmouth, Va.

" Mr. Noland gave this statement as to how the plan had worked in Kansas City Missouri, Mr. Noland is Vice-President of the National Union of Boilermakers. His duties take him all over the United States and he has been satisfactorily impressed with the improvements brought by the system of government in cities all over the country. He says—"The plan is an absolute success in Kansas City." It is a non- partisan government. Has improved morale, beautified City and organized the people."

J. S. Coxey, Massillon, Ohio.

He tells how the plan has worked in Dayton, Ohio. "It has been in effect several years, and is working very satisfactorily. Have derived great benefits from this form of government, and are getting away from a great amount of corruption in politics."

J. W. Hatch, Clifton Forge, Va.

"Plan has been in effect about eight years. Like it fine. Many benefits, derived from it. It has proven a great success in every way over the old form. Has saved a great deal of money for the City. The money is well spent. Have a fine Manager who is well worth his salary."

M. L. Latham, Fredericksburg, Va.

"The City of Fredericksburg has enjoyed great improvements under the new system, and the citizens have taken more interest in the welfare of the City since the installation of this system. The system has saved more money. The City would not revert to the old system."

Geo. W. Harrison, Fredericksburg, Va.

"City is better in every respect, and has progressed very much since this system has been in operation. Do not see how the people could revert to the old form after having the new. Before this system was introduced, I remember that the City only had two men working on the streets, about two months in a year. Under the new system we know how the money is spent, and what the City Government is doing."

In speaking to numerous other delegates from the State of Virginia and the United States at large, they are all heartily in favor of this new form of government and that it has proven a success in every way and a money saver over the old form.

LEADERS IN CONTEST

Standing of Queen of Pageant up to June 4.

Rosa Murphy, 3056; Rose Blumenfeld, 2761; Carrol Johnson, 2746; Maria Harma, 2514; Thelma Smith, 1336; Susie Simms, 906; Helen Myers, 745; Adena Earnest, 433; Carolyn Peake, 378; Ida Goodloe, 248; Elizabeth Estes, 232; Florence Irby, 162; Annie Moore, 129; Louise Thomas, 114; Ellen Tiger, 93; Marian Chilcott, 83; Louise Dinwiddie, 70; Grace Kicherer, 37; Leona Padgett, 29; Ethel Weisner, 25; Mary Saunders, 22; Adelaide Williamson, 15; Laura Catts, 5; Clara Goldsworly, 5; Adelaide, Risnon. 1.

BURIAL OF CHAS. HARRISON

Charles Harrison, of Burke, Va., died at the Alexandria Hospital Monday night from blood poisoning. Funeral services were conducted by Rev. Edgar Carpenter at the Good Shepherd Church, at Burke, Fairfax county, and burial was made at Fairfax Courthouse.

Mr. Harrison is survived by three sisters, Mrs. H. S. Fairfax, Mrs. John Pettit, and Mrs. John Dove, and one brother, Jno. L. Harrison.

The deceased had many frends in both Fairfax and Alexandria counties who will regret to learn of his sudden death.

CAUGHT IN THE ACT

Young Negro Taken While Emerging From a First Ward Grocery Store

Between four and five o'clock this morning a telephone call was sent to the station house announcing that a man was engaged in breaking into the store of W H. Helm, northwest corner of Wolfe and Lee streets. The notification had been sent from the house of a neighbar, Mr. Helm being asleep at the time.

Officer Rawlett repaired to the scene and took charge of Ernest Green had taken off his shoes when he was about to leave the store. Green had taken off hs shoes when about half a square from the store. He was arraigned in the Police Court at nine o'clock. He declined to make a statement and was held for the action of the grand jury.

THE FREE KINDERGARTEN

The Board of Directors of the Free Kindergarten met yesterday afternoon at 301 South St. Asaph street. The Kindergartner reported an interesting mother's meeting, also having taken the children and a few mothers to the Zoo, where a pleasant and instructive day was spent. The school closed on the 29th of May after a very successful year. The Board gratefully acknowledged the following contributions: Mr. and Mrs. Carroll Pierce, ten dollars; Mrs. George R. Hill, Mrs. W. H. Melchoir, Mrs. Jack Monroe, Miss Alice Gronau, Miss Annie Agnew, Miss Retta Agnew, Mrs. W. B. Smoot, Mr. W. B. Smoot, one dollar each, Mrs. William Campbell, fifty cents

GEORGE J. HAINES WEDS

Fairfax Countian Takes for Bride Mrs. Caroline Hall French

George Jackson Haines, aged 86, a popular resident of Accotink neighborhood in Fairfax county, and Mrs. Caroline Hall French, aged 60, were married by the Rev. Mr. Mellichamp, rector of Pohick Church in that county, a few days ago. They will make their home on the farm of the bridegroom in Mount Vernon district.

VOLCANO KILLED 5,100

The Hague June 5.—The governor general of the Kediri district of Java reports that 5,100 persons were killed in the recent eruption of the volcano at Kalut.

Washington, June 5.—Damage to property in the Kalut volcano eruption in Java, in addition to loss of life reported, amounted to about $14,000,000, the State Department was advised yesterday. Growing crops of rice and coffee on 20,000 acres of land were destroyed.

LABOR COUNCIL TO ADJOURN TODAY

Retiring President G. L. Wilcox Presented With Chest of Silver

ANNUAL ELECTION

Before Adjourning This Afternoon New Officers Will Be Installed and City For Next Convention Chosen.

The annual meeting of the Virginia State Federation of Labor, which convened here Monday morning in the opera house, will end its deliberations late this afternoon.

The session will be concluded with the election of a city for the next annual state convention and the installation of the newly elected officers. The session this morning was presided over by State President G. L. Wilcox.

Cities in the race for the next annual convention are Newport News, Lynchburg and Portsmouth. Indications are that Newport News will get the next convention.

At the morning session today the following executive board was chosen: W. E. Akers, Roanoke, president; W C. Page, Newport News, T. H. Nelson, Alexandria; J. L. Stewart Portsmouth and W. A. Davis, Norfolk J. C. Michaels, Newport News, was chosen state organizer.

A resolution of D. I. Campbell, Norfolk, expressing the sympathy at the illness of Senator Thomas S. Martin and expressing hope for his speedy recovery was adopted and a copy of the resolution telegraphed his family

President Wilcox, who retires with the close of this convention was presented with a chest of silver the gift of a number of his friends in the convention and before the morning session closed he also was presented with a handsome boquet of flowers. Both gifts were in recogniton of his faithful services rendered to the convention as its president.

This afternoon the delegates are selecting a legislative committee an hearing reports from the nations legislative committee.

Before adjourning yesterday afternoon the convention elected these officers to serve for the year: John H. Hall, jr., Portsmouth president B. A. Berryking, Newport News first vice president; A. Wolfel, Norfolk, secretary and treasurer; William Bonner, delegate to the American Federation of Labor convention which will convene at Atlantic City next Monday; James F O'Connor, unanimously re-elected sergeant-at-arms.

The convention completed the task at the afternoon of adopting a constitution and by-laws.

Gen. Jacob S. Coxey addressed the convention in the afternoon as did a'so Giles B. Jackson, a colored attorney of Richmond.

A number of amendments to the constitution were adopted and several defeated.

A resolution declaring for public ownership of all public utilities was adopted as was also one demanding that bricklayers, unions affiliate with all building trades councils. A resolution protesting against the methods of the U. S. housing corporation in Portsmouth in building and renting houses was adopted..

Resolutions endorsing the initiative and referendum were adopted.

At 5 o'clock the convention adjourned until 9:30 o'clock this morning.

HAPPENINGS ABOUT CITY TOLD IN BRIEF

Mr. George Woodfield, of Philadelphia, is visiting relatives and friends in this city.

Mr. Thomas Buckley who has been overseas for the past twelve months, has returned to his home in this city.

The regular weekly prayer meeting of the Anne Lee Memorial will be held at that institution at 3 o'clock tomorrow afternoon.

Oscar L. Kellar who has been overseas for the past year has arrived safely and received his discharge and returned to his home in this city.

Sergt. Edward Kemper, son of Mr. and Mrs. E. H. Kemper, has arrived safely from overseas. He was a member of the 305 Engineers, 80th division.

Geo. E. Price and J. F. Cook will have on sale Friday and Saturday, salt water tailors, halibut, Boston mackerel, butterfish, trout, croakers, fresh shad, and flounders.

Miss Katherine Pettit and Mr. Edward Corsa, both of this city, were married yesterday at the parsonage of Trinity M. E. Church. Rev. A. E. Speilman, pastor, officiating.

All colored soldiers who have been in the service during the war, are requested to meet at the colored soldiers club this evening at 8:30 p. m., to make arrangements for Welcome Home Week.

Mary F. Nickens, an old and well known colored resident, died last night at her home 522 Gibbon street. Her funeral will take place at 3.30 o'clock Sunday afternoon from Roberts Chapel.

First Lieut. Beaudric L. Howell, son of Mr. and Mrs. D. J. Howell, of 700 Duke street, who has been overseas for the past twelve months with the 104th Engineers, has returned home.

Edith B. infant daughter of Geo. H. and Jeanette E. Poole, died Tuesday evening at the home of her parents, 429 North St. Asaph street. The funeral took place today, Rev. L. F. Kelly, of St. Mary's Catholic Chuch ,officiating.

A telegram received this morning announces the arrival of Sergt. Herman K. Kopp, from overseas, where he served for twenty one months. He is now stationed at Camp Mills, N. Y., and expects to be home in a few days.

The Senate Corporation Commission has granted a charter to the Potomac Builders' Supply Company, incorporated, Alexandria, Va., Maximum, $100,000; minimum, $50,000. Albert Lake, president, Rockville, Md., John A. Holmes, secretary, Washington, D. C., and Richard A. Roseberry, Barcroft, Va. Hardware business.

Mrs. Lola R. Chaffee, forty-seven years old, died this morning at the Alexandria Hospital. The deceased lived at 312 Wolfe street and was a native of Culpeper county, Va. Her husband and several children are living. The body was taken to Demaine's mortuary chapel and prepared for burial.

IN MEMORIAM

In loving remembrance of our son and brother, Howard Reddick, who died June 5th., 1916, aged 21 years.

A precious one from us has gone,
A voice we loved is still.
A place is vacant in our home
Which never can be filled.
God in his wisdom has recalled
The boom His love had given,
And though the body slumbers here,
The soul is safe in heaven.

By his loving mother and sister.
134-1p.

FISH DAY TOMORROW—Boston mackerel, steak tile, sea bass, butter fish, buck shad, Jersey trout, Norfolk trout, crab meat, clams. Sanitary Fish Market, Phone 735. Stall No. 2, City Market. Open until 5 P. M. 134-1p.

COMING FOURTH OF JULY

Within less than a month Independence Day will be agan upon us. As has been the case for a quarter of a century, the authorities of the larger cities have been attempting to curb, if not eliminate, many dangerous practices indulged in by thoughtless men and boys on this great national holiday. Alexandria was one of the first cities to take measures looking to the suppression of the use of explosives on such occasons, and attempts were made to enforce laws made by our grandfathers which not only forbids the use but the sale of explosives in this city. During late years Mayor Fisher has issued orders to the police to give this matter their undivided attention. The officers previous to the Fourth of July notify all dealers in devices which tend to make the holiday odious to refrain from selling the same . On some occasions, and attempts were made to to defy the law, and they were haled into the Police Court where they were made to pay fines.

Mayor Fisher has again directed the members of the police force to see that the law is obeyed.

The people of Baltmore are working earnestly to make the coming Fourth safe and sane. Geenral Pershing has sent the folowing letter to the authorites of the Monumental city:

"I beg to acknowledge your letter of April 29, asking for my indorsement of safe and sane July celebrations. The object of your celebration must have the support of every intelligent American people gain a wholesome and deep-rooted respect for law and order and realization of the necessity for protecting private property, the principles of the Declaration of Independence, which are celebrated on July 4. with be defeated. Your efforts to restrict the reckless and ignorant use of fireworks in celebrating the Fourth of July will meet with the approval of those who care for children, who have been the chief sufferers in this respect in our celebrations in the past. I firmly believe that one of the great lessons that the soldiers of the American Expeditionary Forces will bring home with them is a wholesome respect for the law and order, and the danger that comes from reckless and ignorant use of explosives."

THE LOVE OF LYING

"The love of lying is so deeply embedded in human nature today that a man cannot hope to be considered either a gentleman, a religious man, a good business man or a statesman if he speaks the truth." says James M. Kilgour, of Round Hill, Loudoun County, in a communication to a Baltimore paper. The child is carefully educated in this art from its earliest infancy, when in order to inculcate moral lessons. it is taught a series of fables, which it learns, as its faculties develop, are false, but which he excuses as a necessity when he learns the whole social fabric is founded upon falsehood.

Bulwer founded one of his short stories on the experiences of a man who undertook on a wager, to speak the absolute truth for a single day. By noon he had lost his position in a dry goods store; he had been ejected from his boarding house and discarded by his sweetheart. By night he was in the hands of the police on the charge of insanity, the witnesses against him being the dry goods boss, the sweetheart, the boarding house keeper and his own mother.

"The Encylopeda Britannica, attributes the invention of wine to Noah. Now, there are but two things recorded of Noah in the Bible—that he was the only religious man of his time in the whole world, and that he was in the habit of getting drunk. The presumption is that all that vast host that was swept off the face of the earth by the flood was a sober crowd and that sobriety had so entirely underminded their moral nature that they were no longer fit to love and propagate their kind. A new order of things had to be started, or the experiment that started with Adam and Eve would have to be abandoned.

It was the habit of the ancient Germans never to decide upon an important State policy until it had been debated twice. The first time all hands would be sober, the next all hands drunk. The second debate would ncontrovertibly show who had been lying in the first.

"It would be some sport if by some means our leading prohibition orators, could be induced to start on a speaking tour with a gallon of good whisky in their grips—to hear them speak the truth for once in their lives. To hear them make confessons of what they hope to accomplish and the way they hope to do it, would be so illuminating that from the sanhedrim of angels would come the cry. This is an event upon which Heaven itself looks down."

THE BOMB THROWER

Career Starts in Barcelona in 1893 When Mission of Death was Hurled Into a Crowd.

Throwing of bombs and planting infernal machines, any anarchist will tell you, is the "propaganda of the deed."

For a thousand years anarchism was propagated by peaceful methods, by word of mouth and by writing.

Then Mikhail Bakunin, Russian agitator, founded militant anarchism in 1869. He was the father of the present-day bomb hurler and manufacturer of infernal machines.

His followers preached assassination. The first attempt was made upon the life of Emperor Wilhelm I of Germany in 1878. Two attempts were made to kill the king of Spain. The "propaganda of the deed" was adopted by the French anarchists four years late, and for the first time dynamite was used.

In the following ten years the manufacture of bombs by anarchistic societies progressed. At first many anarchists were blown up making them. They became adept in their manufacture.

Anarchy's bomb career really started September 23, 1893, at Barcelona, Spain, when an anarchist hurled a bomb into a crewd at a military parade, Six anarchists were executed A bomb was thrown into the pit of a Barcelona theater, killing thirty and wounding eighty—anarchy's largest single bomb crop. A month later a bomb was thrown from the gallery of the Chamber of Deputies in Paris "Vive Panachie!" cried the bomb-hurler just before the guillotine's blade severed his head from his body.

By next summer Italian anarchists were bomb mad. Over 2,000 of them were arrested. Anarchism spread throughout Italy, Spain and France. It extended deeply into Austria, Germany and Russia. On May 4, 1886, the first anarchistic outbreak came in the United States. A bomb was thrown when policemen attempted to disperse a gathering of workingmen at the Haymarket, Chicago. Seven persons were killed and sixty wounded.

A suitcase bomb was exploded in a crowd watching the "preparedness parade" at San Francisco, July 22. 19196, when ten were killed, and forty wounded. Tom Mooney, accused of helping to plant this bomb, was convicted and now is in prison.

Anarchistic elements in the United States are largely represented in the Industrial Workers of World. The I. W. W. says.

"We accept that portion of anarchist action that is of value.

"The I. W. W. opposes the institution of the state. It holds that state or government control would merely introduce another form of slavery.

"Justice, liberty, rights, etc., are but empty words, and power alone is real.

"The question of 'right' and 'wrong' does not concern us."

Anarchism has no binding program. Each member is allowed to do what he pleases—in anarchistic circles. Usually they band together in little groups, with a more or less connecting (underground) chain between each group. Their meetings are secret, and so is the membership.

The most experienced bomb makers among the anarchists are guarded. They never dispose of the bombs. These are given to other members of the society, leaders, who in turn, pass them on to still others, who do the hurling or planting.

FAMINE FEARED

Winnipeg General Strike Worse as Rumors of Settlement Grow

Winnipeg, Manitoba, June 5.—A milk and bread famine was declared in prospect here yesterday, following peremptory notice by the central strike committee that milk and bread workers and handlers would quit work before morning.

The notice was served on municipal authorities, unaccompanied by any explanaton. Heretofore these workers have operated under permission of the central committee.

Mayor Gray said plans were being made to fill the places of the men called out by the order.

Insistent rumors were current yesterday that settlement of the general strike will be affected within a few adys. Talk of amicable settlement persisted in spite of martial law alarms of the past forty-eight hours.

Mayor Charles F. Gray, Premier Norris, R. S. Russell, leading figure among the strikers, and the railroad brotherhoods' mediation committee appeared optimistic.

The mediation committee announced satisfactory progress in the discussion with representatives of the metal trades workers and the iron masters.

DIRECT LOAN TO SOLDIERS

Garner Wants Each Advanced $5 00 to Buy Farm

Washington, June 5.—Straight loans to soldiers and sailors of not to exceed $5,000 for the purchase of farms was proposed to the House Public Lands Committee by Representative Garner, of Texas, as a substitute for Secretary Lane's object for farms for service men.

While he favored generally the Lane plan, Mr. Garner said he regarded it as an attempt to deceive the soldier by offering him something which was simply a reclamation scheme. He gave notice that he would offer his plan as an amendment in the House.

PHYSICALLY FIT AT ANY AGE

It isn't age, it's careless living that puts men "down and out." Keep your internal organs in good condition and you will always be physically fit.

The kidneys are the most overworked organs in the human body. When they break down under the strain and the deadly uric acid accumulates and crystallizes look out! These sharp crystals tear and scratch the delicate urinary channels causing excruciating pain and set up irritations which may cause premature degeneration and often do turn into deadly Bright's Disease.

One of the first warnings of sluggish kidney action is pain or stiffness in the small of the back, loss of appetite, indigestion or rheumatism.

Do not wait until the danger is upon you. At the first indication of trouble go after the cause at once. Get a trial box of GOLD MEDAL Haarlem Oil Capsules, imported direct from the laboratories in Holland. They will give almost immediate relief. If for any cause they should not, your money will be refunded. But be sure to get GOLD MEDAL. None other is genuine. In sealed boxes, three sizes.

Third Floor—Lansburgh & Bro.

CUT THIS OUT

Special Notice: Dr. Frederick Jacobson says that phosphates are just as essential to any woman who tires easily, is nervous or irritated, worn out or looks haggard and pale, to make a strong, robust, vigorous, healthy body, as they are to make corn, wheat or any vegetable plant grow strong and healthy. The luck of phosphates is the cause of all enemic conditions and the administration of 5-grain Argo-Phosphate Tablets will increase the strength and endurance 500 per cent in a few weeks time in many instances. Dispensed by Richard Gibson and The Rexall Store.

Now Is the Time to Advertise

PRESENT ADVERTISERS — Increase your space.

PROSPECTIVE ADVERTISERS—Bring your plans to a head and start advertising immediately.

Advertising began as an afterthought of business, but became the forethought. Just as it was a part of the forethought of war that insured victory, so advertising must become the forethought of peace to insure prosperity.

Advertising Anticipates; Advertising Discounts; Advertising Compels. Advertising is the surest, quickest, and most economical selling force known to industry to-day.

The power of an idea multiplied in millions of minds moves governments—or goods—as the case may be.

The Department of Labor urges more advertising by merchants and manufacturers to insure the present prosperity of the Nation.

DENIES RESPONSIBILITY

German Commission Says Russia Caused World War.

Berlin, June 5.—Prof. Hans Delbrueck, Gen. Count Maxe Montgeles and Prof. Weber, German experts at Versailles, have drawn up a long memorandum on the question of responsibility for the war which will be presented as a reply to the Entente commission's report on the subject.

The memorandum argues the necessity of submitting the question to an impartial commission for investigation and denies there was any secret plot between Berlin and Vienna to destroy Serbia. It says that the German Government could not accept the efforts of Sir Edward Grey, the British Secretary of Foreign Affairs, in 1914, who offered to mediate, because it doubted his powers to check the warlike aspirations of Russia. Emperor Nicholas' proposal to refer the dispute to The Hague also failed, it is said, because on the same day that the proposal was made the mobilization of 13 army corps was ordered. Russia's imperialist policy, the memorandum argues, made war with Germany inevitable. It says that Germany's war against France was one of defense and admits that Germany's naval policy was of such a nature as to arouse the distrust of England

EXPLOSION IN AUTO

Machine Wrecked—No Trace of The Occupants Can be Found.

Chicago, June 5.—Police and Government agents are investigating a mysterious explosion in a North Side street early yesterday morning in which a large automobile was wrecked. Three sticks of dynamite and 50 feet of fuse were found in a vacant lot within several hundred feet of the wrecked motor car. No trace of the occupants of the car could be found.

The police declared that the license tag on the car had been issued to Cornelius T. Shea, former president of the Chicago Teamsters' Union and prominent in organized labor circles 10 years ago. She is being sought by the police.

SEEKING U. S. PARTNERSHIP

Germany Would Induce America To Aid In Rehabilitating Country's Industrial Status

There seems to be a widespread demand on the part of Germans that efforts be made to induce America to enter into a sort of limited alliance with Germany or take a protectorate over this country, giving Germany financial aid and protection and taking in return the lion's share of the activities. This sentiment, which first made its appearance last December appears to have become stronger very recently.

Privy Councilor Bergman, formerly a partner in the German Edison companies and one of the largest electrical magnates here, suggests a German-American partnership with America the senior and controlling partner

TREATY IN WASHINGTON

Copies Received by Courier From Paris

Washington, June 5.—Copies of the peace treaty with Germany have reached Washington by courier, supplementing the cabled text received at the State Department several weeks ago. Copies have been supplied to the Japanese Embassy, which has forwarded them to Tokyo, and it was assumed that the text had been received by other Embassies here.

State Department officials said yesterday that in addition to the cabled text received at the Department, the financial and reparation sections had been supplied to the alien property custodian and other Government bureaus sometime ago for their information and guidance.

YOU HAVE AN ADVERTISING MESSAGE FOR THE PUBLIC

Tell It Now

U. S. DEPARTMENT OF LABOR

Never were the people—the buying public—more ready and able to buy than they are to-day.

There is no scarcity of money. The purchasing power in America to-day is greater than in all history. The field for new and greater business development is here.

Advertising is the certain, quick, and economical method of developing your business.

When you put the power of advertising promotion and its great economies back of your own business, you are also spreading the spirit of optimism and good will.

The U. S. Department of Labor urges all progressive merchants and manufacturers—in fact, all who have anything to sell—to advertise now and take advantage of the great market which exists at this time.

Pay the Easy Way

Dress Up on Credit

Pay the Easy Way

Really, It's the Easiest Way

You Never Miss the Money

We have long ago exploded the idea that it is impossible to give shoppers easy credit at cash prices. How did we explode it? By advertising and backing up our advertisements with styles and known makes at prices the cash store have often not been able to meet. You can't beat that kind of proof, can you? So why pay cash? Why not pay as best suits convenience? Pay what you can spare each week or each payday. The easiest way is always the best way. You can live better and dress better on such a plan. The Farley charge account solves your money troubles, no red tape at all—you just ask for credit—we give it—and that's all there is to it.

Ladies Dresses, Ginghams, Voiles and Lawns	$5.98 and up
Ladies Panama and Straw Hats	$2.49 and up
Ladies House Dresses	89c and up
Ladies Shoes	$5.50 and up

WOMEN'S MILLINERY

Smart hats trimmed with fruits, flowers and fancy feathers, also smart banded rough straw sailors, in black and all the wanted colors—every hat in the assortment worth a great deal more. We guarantee every value to be worth much more than we are charging. Then, too, you have the privilege of paying just a little each week. Come in early while summer selections are best. You'll like every model.

$2.49

WOMEN'S DRESSES

This world's great modistes never bequeathed such thrills of elegance. The new tunic effects, the gorgeous mandarin, the rich vestee conceits, and the stunning sash styles all contribute a variety unsurpassed in all the annals of vogue-making. Georgette crepe de chine, taffetas, etc., Values that will astound you.

$14.00

MEN'S HATS

Creeds and codes of fashion shift like a kaleidoscope.

Pre-war styles and those of today differ greatly.

Just now men's hat styles are more than ever thoroughly Americanized.

Spring styles in soft felts and derbies ready now. You'll be surprised at our wonderful spring showing.

PROPOSAL

SEALED PROPOSALS, indorsed "Proposals for Elevated Steel Tank, Quantico, Virginia. Specification No. 3906 "will be received at the Bureau of Yards and Docks, Navy Department, Washington, D. C., until 11 o'clock a. m, on June 11, 1919, and then and there publicly opened for the furnishing and erection of one 20,000 gallon steel tank and tower including concrete foundations, at the Marine Barracks, Quantico, Va.

Drawings and specification No. 3906 may be obtained on application to the Bureau or to the Post Commander of the Station named.

A deposit of ten dollars ($10.00) in the form of a check or Postal money order, payable to the Chief of the Bureau of Yards and Docks, will be required as security for the safe return of the plans and specifications within five days after the award of contract.

C. W. PARKS, Chief of Bureau.
June 4-10

BOOZE SOLUTION

Coxey Would Give Every Man Opportunity to Vote on Prohibition

Jacob S. Coxey has what he believes to be the only solution of the prohibtion question. It is the passage of an initiative and referendum act, through which the people will have the power to decide for themselves whether the "dry" amendment shall stand. In this way, he declared, if the people of the United States so desired, an anti-prohibition amendment nullifying the present ban could be passed.

Coxey believes this country is on the verge of a social revolution, which will be aided by enforcement of prohibiton. He is in favor of the passage of a bill to give every discharged solder a bonus of $500, to be paid by a special issue of legal tender currency by the Treasury under authority of an act of Congress. He cited Supreme Court decisions whereby Congress has power to grant this authority.

General Coxey is working to have Congress pass an act providing for the issuance of non-interest bearing bonds by various communities to be used for improvement of public utilities. This, he believes, will give work to the thousands of unemployed and relieve the present tenseness of the situation.

He declared that if Congress "did not come across" he would issue a call for a march on Washington which would be answered immediately by a million men.

TO NEW ORLEANS BY CANOE

Two Former Soldiers Making 2,775,-Mile Trip

Willamsport, Md., —June 5.—Robt. T. Marimon and Albert C. Brown, former "doughboys" and newspaper men of Washington, arrived here on the Chesapeake and Ohio Canal on a 2,775-mile canoeing trip to New Orleans.

Their boat, built especially for the trip, carries 612 pounds of baggage, including a complete camping outfit. Upon arrival in Louisiana they will present to the Governor letters from Secretary of War Baker and Surgeon General Braisted, of the navy. Before leaving Washington they were promised a reward of $500 by E. C. Garden, a war correspondent, upon their arrival at New Orleans.

The canoeists so far have averaged 35 miles a day. Their only portage will be from Cumberland to Confluence, Pa., where they will embark on the Monongahela river for Connellsville, thence to McKeesport, and Pittsburgh, down the Ohio to Cairo, Ill., and finishing the trip to New Orleans.

VANDERBILT WARNS AGAIN

Says Danger is Greater Now Than During War

New York, June 5.—Frank A. Vanderlip, who resigned yesterday as president of the National City bank, reiterated yesterday in an address before the Merchants' Association his warning uttered on his return from Europe recently that great danger existed in the disorganized industrial condition of Europe. There was greater danger threatening from post war conditions, he said, than was threatened by the war itself.

Hunger was one of the depressing factors in the situation. "We would all be Bolshevists if we were hungry enough," he said.

Hunger, however, was not the only cause of unrest for "the suspicion had come into the minds of workers that higher wages have not brought about the expected relief and workingmen have found that necessities of life cost more and the higher wages buy no more than they could get under the old rate."

12 DIE FROM DINNER

24 Others Ill From Eating Canned Goods in Alaska.

Dawson, Yukon Territory, June 5.—Twelve men are dead and 24 others are seriously ill as a result of ptomaine posoning following a dinner at the Yukon Gold Company's Hunter Creek plant on May 22. Practically all of the food was canned goods, so it has been impossible to trace the poisoning.

A rare type of germ, termed "botitus," has been found by bacteriological examination of the victim's blood.

TALISMANS OF DEATH

Tragedy Stalks in Wake of Charms Now in British Museums.

There is the mummy of the high priestess of Amen-Ra in the British Museum. This priestess belonged to the Royal family of Egypt.

A party of four young Englishmen obtained a mummy about 30 years ago in Egpyt. One of the young men was crippled before they left that country, and another was shot shortly before reaching England. A third died suddenly, and the fourth followed him after losing a large fortune.

The sister of the last hasitly presented the mummy to the museum. The man who drove it there died within a week while one who helped to carry it into the building soon afterward had both leges cut off in a railway accident.,

The first man who attempted to photograph the mummy case fell, severely. The first writer who described the ill luck that followed it died soon afterward.

Finally, the daughter of the Marchioness of Salisbury, who went to look at the mummy, fell and sprained her ankle!

Another ill luck bringer that was thrown out of the house and given to the museum was a carved teakwood image of Buddha.

It was stolen from a Buddhist temple in lower Burma by a sea captain. When the ship carrying it was near Liverpool a fire broke out on board. The crew threw the image overboard, believing the idol was responsible, and they reached port in safety.

The image was washed ashore in Wales and claimed by its owner, the captain. Soon afterward he died. His daughters kept the Buddha in their house for several years, during which time one of them died suddenly, though perfectly healthy. Then it was given to the museum.

An Indan idol is said to have been responsible for the assassination of President Carnot of France. It belonged to one of the rulers of India and there was a tradition that the idol bestowed power with one hand and death with the other.

Ruler after ruler who possessed the idol was assassinated. When Great Britain conquered India, the idol, then in the possession of the Rajah, who lost his life fighting against the British, fell into humble hands. It continued to bring evil fortune in its train, however.

Among its possessors who died suddenly before it reached President Carnot, were a major of British cavalry, a Brahmin princess, a rich money lender and an old dealer in antiquities.

Carnot was not an ambitous man, but when he became possessed of the idol, fame and power came to him unexpectedly. When he became President, Carnot began to receive letters threatening his life. In May, 1889, less than two years after his election he was shot at, but escaped.

On July 13, 1891, another attempt was made on his life, but again failed. Finally in June, 1894, the President was fatally stabbed by Santo Cesario.

Mme. Carnot, who time and again had implored her husband to get rid of the idol, gave instructions for it to be destroyed. It was smashed to pieces by workers with sledge hammers.—(Stray Stories.

FOR AIR PASCSENGER LINE

Promoters Hope Within Year to Start Regular Service With Giant Dirigible

Akron, Ohio, June 5.—Within a year if plans of Akron promoters hold true, giant passenger dirigibles will leave their hangars here, bound for New York, Chicago, Omaha, Canada, Florida, Texas and the pacific Coast.

And if these ights are successful, and the monetary returns are sufficient, work will start upon giant airships, even larger than the Zeppelins capable of crossing the Atlantic, and a regular passenger service will be established between New York and London.

These are not dreams. They are the plans of veterans of air navigation men who have spent years piloting balloons, airships and airplanes, and backed by a corporation that has been making dirigibles for years.

A dirigible 300 feet long capable of traveling 75 miles an hour is favorable weather, and 50 miles an hour in windy weather, will open daily service between Akron and Cleveland Ohio, a distance of 35 miles.

This, however, is but the trial service. If this proves successful the service will be extended, first to New York and Chicago, and then throughout the United States.

Landing places will be obtained in the very heart of these cities, probably on the roofs of the tallest hotels Unlike airplanes, which need a large landing place, the airships need but a small platform upon which to dock

The first of this fleet of air liners will carry 12 passengers.

It is now under construction at the plant of the Goodyear Tire and Rubber Company.

The dirigibles will be from 300 to 800 feet in length. They will carry from 12 to 100 passengers. The express airships will carry about 100 tons of express.

It is estimated that the trip to New York, about 600 miles, could be made in eight hours. It now takes about 16 hours. A trip to San Francisco, more than 2,000 miles, and now taking four days, could be accomplished in about 50 hours.

Rates, it is estimated, will be about three times the railroad fare.

WOMEN WIN FIGHT

Senate Passes Suffrage Amendment by a Vote of 56 to 25.

The long battle for the submission of the woman suffrage amendment, was won yesterday when the Senate, by the vote to fifty-six to twenty-five, passed the resolution which passed the House just two weeks ago. The resolution now goes to the legislature for ratfication.

The amendment was supported by thirty-six Republicans and twenty Democrats, and opposed by seventeen Democrats and eight Republicans. It received two more votes than were needed to make the requisite two-thirds.

It was exactly 5:25 o'clock when President pro tem Cummins from the chair made the announcement to the expectant crowds in the galleries who had sat trough a tedious all-day debate waiting for the final vote to be taken. He said:

"This resolution has received the affirmative votes of more than two-thirds of the Senate, a quorum being present, and it is declared to have passed the Senate in accordance with the Constitution of the United States."

Wild applause from the galleries followed the announcement, and the suffragd cohorts immediately fled to the steps of the Capitol, where a demonstration was staged and where moving pictures of the suffrage leaders were taken.

The resolution was signed by Senator Cummins and transmitted at once to the House, where, at 5:53, it was signed by Speaker Gillett and laid before the House two minutes later.

Suffrage leaders express confidence that the necessary ratification by thirty-six States will be obtained within a very short time. The legislatures of Illinois, Pennsylvania, Massachusetts, and Wisconsin are now in session, and an effort will be made to bring about ratification in these four States before the legislatures adjourn.

PENSIONS MOTHERS

Florida Will Give $25 a Month to Keep One Child in School

Tallahasee, Fla. June 5.—A mother's pension bill designed to work in conjunction with the Florida compulsory education law, which goes into effect July 1, has been signed by Governor Catts. The measure gives $25 a month to worthy mothers for one child attending school and $8 for the second child. No provision is made for compensation for school attendance by more than two children.

Heal Skin Diseases

It is unnecessary for you to suffer with eczema, blotches, ringworm, rashes and similar skin troubles. Zemo, obtained at any drug store for 35c, or $1.00 for extra large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases.

Zemo is a wonderful, penetrating, disappearing liquid and is soothing to the most delicate skin. It is not greasy, is easily applied and costs little. Get it today and save all further distress.

WEDS, BUT NOT HER FIANCE

West Virginia Girl Discards Officer For Former Lover

Buckhannon, W. Va., June 5.—With the invitations out and all plans completed for her wedding to Lieut. H. Dailey on June 7, Miss Sara Munson suddenly had a change of sentiment and has become the bride of Oriah M. Orr, Jr., of Kingwood. The ceremony was performed at the home of Charles D. Munson, a wealthy resident of this place, and the bride and bridegroom departed immediately after the ceremony for Utah where they will reside.

Severay years ago, Mr. Orr and Miss Munson were engaged, but the engagement was canceled by mutual consent. A few days ago Orr returned from overseas, where he spent a year in the service and Miss Munson, met him in Clarksburg, where she was on a shoping tour purchasing her wedding trousseau. The old flame was rekindled, they returned here and the marriage was performed at once. The groom is a civil engineer.

BREAKFAST ON TIME

One of the things you'll enjoy about a Puritan Cookstove is its dependability—breakfast is always on time with a Puritan in the house.

Whether you want a quick hot oven or a slow simmering heat, it's always ready without bothering about coal, wood and ashes—and your kitchen has a summer coolness that it never knew before.

The Puritan burner gives a hot steady flame that comes in direct contact with the utensil—instantly regulated for low, medium or high heat. The flame stays where set, smokeless and odorless. The brass burners last for years.

Sold by all dealers.

Stimulate Retail Sales

ADVERTISE

U. S. Department of Labor

Never before has the American public had the money to spend which it has today.

The merchant or manufacturer who sits back and waits for this money to come to him without making any effort to get it will awaken when it is too late. He will then realize that his more aggressive competitor has been on the job and has taken advantage of the strongest sales weapon known to industry, namely, advertising.

Don't wait for things to come your way without doing anything to help them along.

Advertise—increase your advertising. use the newspapers to tell your story. Multiply the value of your sales talk a thousand fold and more. Develop that great potential market which is ready and willing—yes eager to buy the things you have to sell but does not know that you have them.

To stimulate business surely, quickly, and economically—Advertise now.

INGOMAR—"Ashes of Love."

At the Ingomar Theatre tonight "Ashes of Love," the latest creation of Ivan Abeamson's interpreted by James K. Hackett, Effie Shannon and all-star cast, will be the attraction.

RICHMOND—Norma Talmadge

One of the most thrilling and dramatic pctures ever seen upon the screen will be shown tonight at the Richmond Theatre, when Joseph M. Schenck presents Norma Talmadge in her latest Select Picture, "The New Moon."

"The New Moon," is a story of a Russian Princess who becomes a peasant girl and the leader of a ban of women who refuse to obey the request issued by the Revolutionists, ordering all women to register in order to be nationalized. She smuggles the women out of the province and finds happiness in the reunion with her fiance.

There is no mention of Petrograd in the report.

TIRADE BY BERGER

Socalist Who is Barred From House Says "Ruling Class" Throttles Freedom

Washington, June 5.—Victor Berger of Milwaukee, convicted of disloyalty, but who is seeking admission to the House of Representatives as an elected member, issued a statement Tuesday on the bomb outrages which has caused general indignation as well as surprise.

Berger charged that the outbreaks resulted from the throttling of "free speech and a free press." Some members expressed the view that his statement was as revolutionary as the proclamation found in the effects of the terrorist who was killed by the bomb which wrecked Attorney General Palmer's house, and that it could not fail to prejudice his case.

"The bomb outrages of the anarchists are insane, of course," said Berger's statement, who ic occupying an office in the House Office Bulding pending a hearing before the Election Committee, "but this insanity is the natural result and the logical answer to the insane speech by the ruling class.

"Everybody who knows anything at all knows that Socialism and anarchism are direct opposites in theory, principle and tactics. However, and true democrats will agree with them in the demand for a free press and for free speech.

"Just now the plutocrats believe they can quell all new ideas by passing special legislation, by employing spies and by using all the force available. The capitalists by tyrannical legislation and force may thus retard Socialism, but they will surely get anarchism. They invite a cataclysm such as the world has never seen before—a cataclysm in which their class will be simply wiped out in the end.

"This is a warning, not a threat, because Socialists do not want the change to come that way. We prefer progress by evolution, and we want Socialism not Anarchism or Communism. But force will not prevent progress in the ned.

"Remember less than a year ago the Kaiser was one of the most powerful men in the world. Less than three years ago the Czar was the autocrat of 170,000,000 people. Where are they today?

"It is true our capitalsts rulers may form a League of Nations. It will be but an alliance of plutocratic governments against the communists nations of Europe. Such a League will be no relief against armaments, high taxes and wars. On the contrary, there will be more armaments than ever. And our country will lead in this respqect.

"And since ideas cannot be excluded the bayonets and by prisons the Communists will eventually win and the present civilization may be lost entirely. The good in it will go down with the bad. And a terrible retribution will be meted out to the capitalist class.

SITUATION IN TOLEDO

High Tension Since Labor Riots Tuesday, When Two Persons Were Killed.

Toledo, Ohio, June 5.—The situation is at a high tension today forlowing the labor riots of yesterday when two persons were killed and 25 others injured near the Willys-Overland plant. Eleven men were shot.

With the plant again shut down at the request of city officials, Mayor Schreiber frankly admits that the situation is beyond control, despite the large number of returned soldiers and citizens police who have been sworn in. No word has come from Columbus as to the sending of troops here in lite witn the Mayor's appeal to Governor Cox immediately following the rioting.

Crowds again gathered at the plant this morning but found a sign giving notice of the shutdown. A number of workers who scught to enter the plant were jeered by former employees, but there is no report of further violence.

In the section of the city near the plant and populated largely by former Overland workers feeling against the soldiers is running high. Leaders of the latter today declared that they shot into the crowd last night only after a score of shots had been directed at them. The shots by the soldiers were declared to be in self-defense.

CANNOT ACCEPT

Austrian Press Shows Bitterness in Comment on Allies' Terms of Peace

Vienna, June 5.—"Unacceptable, because impossible," is the verdict of the Austrian government regarding the portion of the peace treaty submitted to the Austrian peace delegation at St. Germain last Monday.

The Council of Ministers, according to the Neue Wiener Abendblatt, has decided unanimously not to accept the terms.

Chancellor Renner, head of the ministerial council who is now at St. Germain as chairman of the peace delegation, is understood to have voted by proxy.

Austrian newspapers were bitter in comment regarding the peace terms.

"The treaty is worse than our worst expectations," said the Neue Freie Presse. "It will lead to complete ruin.

"They have torn the living flesh from stupefied Austria," according to the Arbeiter Zeitung.

The Neue Weiner Journal declared: "It is unacceptable."

NATION-WIDE STRIKE

Complete Suspension of Wire Activities is Imminent.

Washington, June 5.—With Sylvester J. Konencamp, international president of the Telegraphers' Union in Washington to direct the fight for the operators, indications were late last night that the nation-wide strike of wiremen would be called within forty-eight hours.

F. H. McDowell, president of the District local, said that complete suspension of wire activities here was imminent unless the Atlanta trouble was speedily settled.

Both the main Washington offices of the Western Union and Postal Telegraph will be affected, with all the private wires of the press associations and the immense amount of traffic filed by the government seriously affected.

From his headquarters at the National Hotel, President Konencamp authorized a committee of twenty members to organized labor to intercept a party of strike breakers bound from New York to take the place of strikers in Atlanta; and urge them to turn back.

Atlanta, June 5.—Striking in support of telephone operators who quit work to compel reinstatement of workers dismissed because of union affiliation, 260 men and women telegraphers employed by the Western Union walked out today, incidentally seeking adjustment of their own grievances.

Telegraphers employed by the Postal Telegraph Company will not be called out, nor will the strike be extended to other cities at this time, declared Charles F. Mann, strike organizer.

S. J. Konencamp, international president of the Telegraphers' Union, approved the strike vote taken by the Atlanta telegraphers.

500,000 ON STRIKE IN PARIS

Paris, June 5.—There are at present 500,000 persons on strike in France, according to an estimate by the newspaper La Verite. Of these 200,000 are in the metal trades in the Paris region.
